Contents	These disks contain the study guides for the Emergency Management competencies within the Department of Energy's Technical Qualification program.

Organization These disks contain twenty-two files in WordPerfect 6.1:

File Name	Contents
01readme.1st	Directions
02frtmat.wpd	Front matter
03gentch.wpd	Study guides for Emergency Management Section 1.0, *General Technical*
04reglty.wpd	Study guides for Emergency Management Section 2.0, *Regulatory*
05admin.wpd	Study guides for Emergency Management Section 3.0, *Administrative*
06manag.wpd	Study guides for Emergency Management Section 4.0, *Management, Assessment, and Oversight*
07chempr.wpd	Study guide for Chemical Processing competencies 2.3 and 2.11
08ehresd.wpd	Study guide for EH Resident competencies 1.28, 2.2, and 2.20
09elsyst.wpd	Study guide for Electrical Systems competencies 2.2 and 4.2
10facmnt.wpd	Study guide for Facility Maintenance Management competency 2.5
11facrep.wpd	Study guide for Facility Representative competencies 4.3 and 4.6
12firepr.wpd	Study guide for Fire Protection competency 4.7
13indhyg.wpd	Study guide for Industrial Hygiene competency 4.6
14mchsys.wpd	Study guide for Mechanical Systems competencies 2.3 and 4.10
15nucsaf.wpd	Study guide for Nuclear Safety competency 2.1
16radprt.wpd	Study guide for Radiation Protection competency 2.5
17tchmgr.wpd	Study guide for Technical Manager competency 1.7
18wstmgt.wpd	Study guide for Waste Management competencies 2.2 and 2.8
19glssry.wpd	Glossary
20ttcmtx.wpd	Training-to-Competency Matrix with resource information
21emmtx.wpd	Training-to-Competency Matrix with relationship to individual competencies
22funcmx.wpd	Training-to-Competency Matrix with relationship to individual topical competencies

The emergency management topical area

The emergency management topical area, as identified by HR, includes the following competencies:

- Emergency Management 1.1-1.2, 1.4-1.7, 1.9-1.11, 2.1-2.7, 3.1, and 4.1-4.3
- Chemical Processing 2.3 and 2.11
- EH Resident 1.28, 2.2, and 2.20
- Electrical Systems 2.2 and 4.2
- Facility Maintenance Management 2.5
- Facility Representative 4.3 and 4.6
- Fire Protection 4.7
- Industrial Hygiene 4.6
- Mechanical Systems 2.3 and 4.10
- Nuclear Safety 2.1
- Radiation Protection 2.5
- Technical Manager 1.7
- Waste Management 2.2 and 2.8

For more information

The lead site materials for the Emergency Management topical area were developed by the Oak Ridge Operations Office. For more information, comments, or questions call: Allen Clemons at 423-241-5331 or Jim Vosburg at 423-576-3662.
